So Why Masks?

A dog can be an incredibly powerful creature. However, put a muzzle on it, and you take away its bite, and its ability to defend itself. It becomes weak, subservient, obedient, and submissive. It loses its identity. The purpose of the mask is to make you weak, subservient, obedient, and submissive. Lose your identity. Strip you of all your rights and freedoms, and your voice. There is a global agenda by a handful of individuals to for global control. It is designed to take away your rights and freedoms, your property rights, create a single a digital id, a single global currency, and make you sick for the rest of your life in the name of “Saving The Earth”, “Climate Change”, “Stopping Racism”, “A Green Deal”, etc, etc.

TAKE OFF THE MASK. SPEAK YOUR VOICE.
